THE

# Manchoutikuo Hsieh-ho-hui

(MANCHOUKUO CONCORDIA ASSOCIATION)

---

The Manchoutikuo Hsieh-ho-hui, founded at Hsinking on July 25, 1932, is an association devoted to the attainment of the common object of building up an ideal State. Its members are composed of persons from all ranks of society, including officials, scholars, lawyers, merchants, peasants and workmen. Its aspirations are the following :

1. To exalt the spirit underlying the foundation of the State.
2. To achieve racial harmony.
3. To elevate national life.
4. To convey the will of the Government thoroughly to the people and to transmit the will of the people fully to the Government.
5. To bring about complete national mobilization.

---

Board of Directors
**Tatsunosuke Yamazaki**

**Established:**
**1938**

**Subscribed Capital: Yen 140,000,000**

*Head Office:* TATUNG TACHIEH, HSINKING

**ACTIVITIES OF THE COMPANY**

1. Mining and distribution of iron ore, coal and other minerals essential for the production of iron in Tunghua Province.
2. Manufacturing and distribution of pig iron, steel and their by-products.
3. Manufacturing, treatment and distribution of high grade iron.
4. Undertakings connected with the above enterprises.
5. Investment and advancement of loans to undertakings connected with the aforementioned enterprises.

**AREA OF EXPLOITATION**

The area of Tunghua Province is approximately 31,000 square kilometers. This region is rich in iron ore, coal and other subterranean mineral resources and it is often mentioned as the Saar district of the Orient which assertion has been amply verified by actual surveying of the area conducted by Dr. Henry F. Bain, an American geologist in 1938.

September, 1933

# THE
# Manchuria Telephone & Telegraph
## COMPANY, LIMITED

**Radio Broadcasting:**

The radio broadcasting enterprise is also under the operation of The Manchuria Telephone & Telegraph Co. The number of listeners-in which aggregated 5,800 at the time of the company's establishment in 1933 is at present in excess of 430,000. In November, 1934 the company constructed a powerful broadcasting station at Hsinking at a cost of ¥2,000,000. The number of broadcasting stations have since increased four-folds.

**Telephone Service:**

With regard to its telephone enterprise, special note must be made not only of the expansion of this service throughout Manchoukuo, but also of the inauguration in 1934 of radio-telephonic service between Manchoukuo and Japan.

**Telegraphic Service:**

The telegraphic service under its management has been greatly improved in recent years, At present offices accepting telegraphic message number over 1,000, indicating an increase in excess of 200% since 1934.
